Specification

Model	S-IPV10
LCD	25.654cm (10.1) TFT-LCD
Input voltage	DC18V
Sensitivity	20mV
Distortion	5%
Working Current	400mA
Standby current	240 mA
Output power	50mW
Display time	About 85 ~ 180 S
Network port	RJ45
Network transmission mode	TCP/IP
Working Humidity	45% ~ 95%
Storage temperature	- 15°C ~ 55°C
Outdoor Station	
Image sensor	1/4" V09710 sensor
Sensitization area	×2. 5
Output format	10- bit raw RGB
Resolution	1.3mega pixel
Minimum illumination	F1.2, 0.8Lux
Network transmission	100m
Qty of sub cameras	7
Defense level	IP33
Input voltage	DC18V
Static current	100mA
Working current	150mA
Working Humidity	45% ~ 95%
Working temperature	- 30°C ~ 55°C

IP Villa Intercom System
